

DATA SHEET

VERLICHTING

The Windsor is a study in refined modern design, offering a sleek, vertical silhouette that combines elegant form with an industrial edge.

Its most distinctive element is a clear, cylindrical glass pillar containing a series of subtle air bubbles, a beautiful texture known as seeded glass. This detail diffuses the light, creating a soft, gentle glow that adds a unique layer of visual interest.

Perfect for illuminating a stairwell, a hallway, or flanking a large doorway, the Windsor is a versatile and elegant addition to your home or commercial space.
